

CR 2642

ARMOIRE RACK 42 UNITES STANDAR 19"

Description

Le rack est doté d'un système de ventilation contrôlé par un thermostat. Deux turbines très fiables montées sur le panneau supérieur extraient l'air chaud quand la température interne de l'armoire dépasse le niveau établi. Dimensions (PxLxH): 600x600x2100 mm. Poids: 64 kg

Caractéristiques

- › Constructed in compliance with the IEC 297-2 dimensional standard
- › The structure is made of steel painted RAL 7035 light grey
- › The protection level is IP 30
- › The lower door and side panels are fitted following the wiring operations to facilitate the insertion and connection of the components
- › The earthing of the rack complies with current safety regulations
- › Front doors are also available, which are useful for to protect the components installed in the rack
- › 3 blowers turn on due to the activation command of a thermostat included
